• NOTE TECNICHE TECHNICAL NOTES

Serie / Series	Descrizione / Description
RR	La serie RR è composta da raccordi riutilizzabili per il tubo della serie TGM. Tutta la serie è a doppia lama e garantisce un alto standard di sicurezza. La forgiatura garantisce una maggior resistenza. <i>The RR series is composed of reusable for the TGM series tube. The whole series is double bladed and ensures a high standard of safety.</i>
RI	La serie RI è composta da raccordi riutilizzabili per il tubo della serie TGM e TGT. Costruiti con un elevato standard qualitativo, più economici della serie RR, utilizzano un fissaggio con fascetta. <i>The RI series consists of reusable fittings for TGM and TGT series tubes. Made with a high quality standard, and an economic price range, they use a mounting clamp.</i>
AD	La serie AD è una gamma completa di adattatori, sia in passo metrico che in pollici. Tutti questi adattatori possono essere utilizzati con la serie RR ed RI. <i>The AD series is a complete range of bulkheads to meet your every-need. All these adapters may be used with the RR and RI series.</i>
PP	La serie PP è una vasta gamma di passaparete per soddisfare ogni vostra esigenza. E' possibile qualsiasi combinazione con le serie RR, RI ed AD. <i>The PP series is a range of bulkshead to meet your every-need. Any combination with RR, RI and AD series is possible.</i>
ADPP / ADMM	Costruiti con i più alti standard qualitativi, sono la soluzione ideale per adattare tipi diversi di passo, mm > mm, mm > inch e viceversa. Utilizzabili con tutte le serie precedenti. <i>Built with the highest quality standards, they are the ideal solution to fit different types of thread, mm > mm, mm > inch and viceversa. Usable with all previous series.</i>

CONVERSIONE da cm a pollici Conversion table

1" = 2,54 cm

7/8" = cm 2,22
3/4" = cm 1,90
9/16" = cm 1,43
1/2" = cm 1,27
3/8" = cm 0,95
5/16" = cm 0,79
1/4" = cm 0,64
1/8" = cm 0,32

1 1/16" = cm 2,70
1 5/16" = cm 3,33
1 5/8" = cm 4,13
